Herewith are several lists of many of our current switch and relay and other supplies. We hope that you will take advantage of the savings and order now for stock or when the need arises.

These lists cover only a small portion of our inventory. We sell not only sensitive and other switches and relays, but also relay sockets, power contactors, power rheostats, barrier strips, computer grade electrolytics, Telephone jacks, pilot lamp holders, and other electrical and electronic components. Also available are wire, wire wraps and clamps, grommets, StaKon and crimp and other lugs, sleeving, including silicon.

If the items you need are not listed call us anyhow. We hope to hear from you....if you buy it elsewhere it will cost you much more.
